

ConnectSmart®  
Go

## Make Off-Premise Orders Easier.

ConnectSmart® Go is a smarter off-premise dining strategy. When off-premise orders are routed through ConnectSmart® Kitchen to ConnectSmart® Go, you generate a pickup quote based on the amount of actual activity in your kitchen.

- ✓ Vastly Improved Order Accuracy
- ✓ An At-a-glance Order Management

- ✓ Connect the Front and Back-of-house
- ✓ Two-way SMS Messaging

### ENHANCE GUEST COMMUNICATION

With ConnectSmart® Go, you'll be able to accurately quote your guests' wait times with actual kitchen data. Give guests real time updates on their orders with two-way SMS messaging.

### GET THE FULL PICTURE

ConnectSmart® Go can give you the data to make smart operational decisions. Everything is based on real-time data, which is the key to off-premise dining.

### COORDINATE YOUR ENTIRE RESTAURANT

Mark guests and delivery drivers as "arrived" and automatically notify back-of-house staff through ConnectSmart® Kitchen screens. Release and fast track orders from your to-go stand, plus, send updates to the kitchen in real-time, and more.
